SUMMARY OF CASES ACCEPTED DURING WEEK OF NOVEMBER 27, 2000

[This news release is issued to inform the public and the press of cases that the Supreme Court has accepted and of their general subject matter. The description or descriptions set out below do not necessarily reflect the view of the court, or define the specific issues that will be addressed by the court.]

[Two of the cases whose acceptance was reported in the news release for the week of November 20, 2000, were inadvertently given erroneous news release item numbers.

The correct designations of the items from that conference are:

#00-149 Greenfield v. Fritz Companies, Inc., S091297.

#00-150 San Remo Hotel v. City and County of San Francisco, S091757.

#00-151 Winter v. DC Comics, S091998.

News release item numbering is not official and those numbers should not be used to identify cases in communications with the court.]

The following case was accepted for review during the week of November 27, 2000:

#00-152 People v. Marshall, S091666. (B137038; 83 Cal.App.4th 186.) Petition for review after the Court of Appeal affirmed a judgment of conviction of a criminal offense. The court ordered briefing deferred pending decision in People v. Sengpadychith, S090076 (#00-114), which concerns what harmless error standard applies to failure to instruct on an element of an enhancement.
